# EXTREME SPORTS DOCUMENTARIES

## EXTREME CLASSICS

### Physical Graffiti 1 x 44' (Award Winner)

Where do you go when you're bored rigid with shopping malls and numbed to the kidneys by MTV? You go for raw physical experience: adrenaline, endorphins and pain. You surf angry, skate to die and ride high over the earth at 90mph on your dirt bike - when you wipe out, you repair the damage yourself. The most challenging video on youth culture you're ever likely to see.

## SNOWBOARDING CLASSICS

### The Arctic Challenge 2 x 52'/2 x 26'

Created by Terje Haakonsen, five times world half-pipe champion, The Arctic Challenge is a totally unique contest format. 30 of the worlds' best riders come together in the worlds' best conditions, against the backdrop of a beautiful island chain 250 miles inside the Arctic Circle. In the sequel Haakonsen creates the largest quarter-pipe ever built in the old Olympic ski-jump stadium in Oslo.

## SURFING CLASSICS

### Maldives Deep Blue Open 1 x 26'

Take one large boat, add a handful of the world's best surfers and a liberal helping of unique, world-class surf breaks. Then add water; crystal clear and the deepest blue. Days are spent cruising between the abundance of perfect reef breaks that consistently serve up a daily helping of insane surfing conditions for the worlds top surfers to tear apart.

### Nias Deep Jungle Open 1 x 26'

This programme features the first ever visit from the Association of Surf Professionals to earthquake-struck Sumatra. The destination was the legendary Lagundri Bay and after a nerve-wracking wait for the swell to arrive, heavy 8 footers started landing.

## WINDSURFING CLASSICS

### Baja Wave Classic 1 x 41'

We take the 32 best wave sailors in the world to the iconic location of Punta San Carlos, Baja, site of one of the longest, cleanest and most consistent waves in the world, and the scene is set for an epic competition. Undaunted by the remoteness of the competition site, the crew of the PWA set to work to make the dream a reality.

### The Homecoming 1 x 52' (Award Winner)

We follow the return of the Professional Windsurfing World Tour to the beautiful wave paradise of Maui, after a hiatus of 5 years. Who will reign supreme? The polished pro's or the legendary Hawaiian natives?

### Clash of the Titans 1 x 24'

This programme follows the world's top Windsurfers to a new and unusual location. It may not have palm trees but the Dingle Peninsular in South West Ireland has the most challenging and changeable surfing conditions out there. Castle Gregory is about to witness a windsurfing war.

### Namotu 1 x 60'

This competition is set on the beautiful island of Namotu, a location barely the size of a football pitch surrounded by a flat coral reef. The worlds' top windsurfers have travelled to find the perfect sailing conditions - 6 metre waves crashing onto a vicious reef.

### The Quest 1 x 48'

The world's best windsurfers trek from four continents to Esperance in Western Australia for a contest rumoured to rival the legendary Fijian 'Namotu'. Tune in to witness perfect conditions, pitching, and mast and a half high waves.

### Transatlantic Windsurf Race (TAWR) 1 x 58' The Rematch 1 x 26'

This open ocean windsurfing race goes across the Atlantic from St. John's Newfoundland, Canada to Weymouth, England. A chronicle of ambition, courage and extraordinary determination. Capturing the raw force of the mid Atlantic, this programme tells the story of the struggle to turn a vision into a reality.
